Meeting called to order at 5:01 pm by Jazmine Guerro seconded by Kelly Cartwright.

SFR Ballot -- discussion about the school recognition funds. Questions about which employees are included and the 5% that would go towards SAC funding. Question about how much money it would be. We do not have a specific amount but comparable amounts from schools around the district. Ballot approved.

FAST Testing Schedule -- Jamie Veale went over the schedule-Mr. Hathaway discussed the writing test and how they did/were prepared. All testing went well as well as behaviors and preparation was evident with students. Writing is not accounted for the school score. Still need 58 proctors to test, but hopeful that we will reach the number to make sure students have prime testing conditions.

Principal Report -- Budget projection discussion with faculty expectations.

Open floor/comments - - SAC meetings next year will be once a quarter instead of once a month.

Next meeting May 14
